

"Produced In Accordance With The California Organic Foods Act Of 1990"

State of California Approved for Food Processing

H.S. FOAM CLEANER is a heavy duty foaming chlorinated C.I.P. cleaner used to clean the exterior of food processing equipment, mixing tanks, the interior of semi trailers, and the interiors and exteriors of fork lifts and in house processing bins. The clinging foam that is produced will allow maximum exposure time with minimal effort.

DIRECTIONS

Add H.S. FOAM CLEANER to the soap reservoir of your foam applicator. Set the dilution factor of your applicator to a dilution of 40 parts water to 1 part H.S. FOAM CLEANER for light soil loading. A decrease in the dilution factor to 30 parts water to 1 part H.S. FOAM CLEANER for a medium to heavy soil load with a minimum dilution factor of 20 parts water to 1 part H.S. FOAM CLEANER. Allow a contact time of 2 to 5 minutes then rinse with potable water.

WARNING: CONTAINS POTASSIUM HYDROXIDE & SODIUM HYPOCHLORITE

OVEREXPOSURE & FIRST AID DATA

KEEP OUT OF REACH OF CHILDREN. Before using this product, read all directions, warnings, and the MSDS in its entirety.

DANGER!

This product contains Potassium Hydroxide, Sodium Hypochlorite. MAY CAUSE SEVERE BURNS TO SKIN OR EYES. HARMFUL IF INHALED OR SWALLOWED.

Avoid contact with skin, eyes, and clothing. Avoid breathing dust or mist and do not take internally. Use only in well ventilated areas. Wear appropriate personal protective equipment. This product is for industrial use only. Add slowly to water as product can generate heat and do not mix with acids or any other chemicals.
